Con-Ass bid in House only 2 votes short of 'Magic 194'

By Richard Lee Chan

MANILA (Philippine Daily Inquirer) — The House of Representatives on Monday passed a bill to allow the president to appoint and remove judges without the need for Senate confirmation, with only two votes short of the 'magic 194' needed for passage.

The bill, known as the 'Con-Ass' bill, was passed by a vote of 192 to 192, with 194 votes needed for passage. The bill was introduced by House Speaker Neri Conrado.

The bill would allow the president to appoint and remove judges without the need for Senate confirmation. This would be a significant change to the current system, which requires Senate confirmation for all judicial appointments.

The bill was passed by a vote of 192 to 192, with 194 votes needed for passage. The bill was introduced by House Speaker Neri Conrado.

It is necessary to understand that the results of the study are not generalizable to all cases of child sexual abuse. The study was limited to a specific sample of children and families, and the results may not apply to other populations. Additionally, the study did not measure the long-term effects of the intervention, and it is possible that the benefits observed in the short term may not be sustained over time. Finally, the study did not measure the impact of the intervention on the children's emotional well-being, which is a key component of the overall goal of the intervention.

Political Tensions

The figure consists of four vertically stacked histograms labeled (a), (b), (c), and (d). Each histogram shows the frequency of values for the expression $x_k^T A x_k$. The x-axis for all plots ranges from approximately -2000 to 2000, with major ticks at -2000, -1000, 0, 1000, and 2000. The y-axis represents frequency, ranging from 0 to 80.

- (a) $k=0$: The distribution is very narrow and highly peaked at 0, with most values falling between -200 and 200.
- (b) $k=1$: The distribution is broader than (a), still centered at 0, but with more spread, reaching down to about -1000 and up to 1000.
- (c) $k=2$: The distribution is significantly wider, spanning from approximately -1500 to 1500, with a peak frequency near 70.
- (d) $k=3$: The distribution is the widest, covering almost the entire range from -2000 to 2000, with a peak frequency around 60.

National ID: a fascist corpse being brought to life

WASHINGTON — The federal government's plan to create a national identification card is a fascist corpse being brought to life, a leading civil liberties lawyer says. The plan, which would require every American to have a card, is a "direct assault on the privacy of the American people," says the lawyer, who is part of a coalition of groups that filed a lawsuit in federal court to block the plan.

Southcom chief's swan song: Not guilty on fare

RP's elderly population to hit 9.4M by 2010

Figure 1 displays a 4x4 grid of 16 grayscale images showing the degradation of a handwritten digit '4' over time. The images are arranged in four rows and four columns. The first row shows the original image and three versions with increasing noise. The second row shows the original image and three versions with increasing blur. The third row shows the original image and three versions with increasing motion blur. The fourth row shows the original image and three versions with increasing rotation. The images are labeled with their respective degradation types and levels: 'Original', '25%', '50%', '75%', '100%', '150%', '200%', '250%', '300%', '350%', '400%', '450%', '500%', '550%', '600%', '650%', '700%', '750%', '800%', '850%', '900%', '950%', '1000%'. The labels are placed below the images in a grid-like fashion.

Medicine shortage traced to small fund release

1. The first part of the document is a letter from the President of the United States to the Congress, dated January 1, 1861. It is a copy of the original letter, and is signed by the President.

2. The second part of the document is a copy of the original letter, and is signed by the President.

3. The third part of the document is a copy of the original letter, and is signed by the President.

4. The fourth part of the document is a copy of the original letter, and is signed by the President.

5. The fifth part of the document is a copy of the original letter, and is signed by the President.

6. The sixth part of the document is a copy of the original letter, and is signed by the President.

7. The seventh part of the document is a copy of the original letter, and is signed by the President.

8. The eighth part of the document is a copy of the original letter, and is signed by the President.

9. The ninth part of the document is a copy of the original letter, and is signed by the President.

10. The tenth part of the document is a copy of the original letter, and is signed by the President.

Microbes can help rid seas of black sludge

By [illegible] and [illegible]

NEW YORK (AP) — Scientists are testing a new method to clean up oil spills by using microbes that eat oil. The microbes are being tested in a laboratory and in the ocean.

The microbes are being tested in a laboratory and in the ocean. The microbes are being tested in a laboratory and in the ocean.

4 blasts rock Turkish resort, Istanbul

11 people were killed and 100 injured in the blasts. The Turkish government says it is investigating the attacks.

**Selfie bomb
attack on Iraq
100s remain
torrid 24 hours**

By [illegible] and [illegible]

Baghdad, Iraq (AP) — A suicide bomber killed 11 people and injured 100 others in a crowded market in Baghdad on Tuesday.

The attack took place in the busy Al-Rasheed market, a major shopping area in the city.

The bomber, a 30-year-old man, was killed by his own explosive-laden vest.

The attack occurred just hours after a similar blast in a different part of the city.

The Iraqi government has vowed to investigate the attacks and bring the perpetrators to justice.

The attacks are part of a series of bombings targeting civilians in Baghdad.

The city has been hit by several other attacks in recent months.

The attacks have caused significant damage to property and infrastructure.

The Iraqi government has urged citizens to remain calm and avoid crowded areas.

The attacks have also led to a curfew being imposed in Baghdad.

The Iraqi government has said it will not tolerate such attacks and will take all necessary measures to protect its citizens.

The attacks have also led to a state of emergency being declared in Baghdad.

The Iraqi government has said it will continue to work to restore security and stability to the city.

The attacks have also led to a loss of confidence in the Iraqi government.

The Iraqi government has said it will continue to work to restore confidence in the government.

Four powerful explosions rocked a popular beach resort in Istanbul on Tuesday, killing at least 11 people and wounding more than 100 others. The blasts occurred in the vicinity of the Bosphorus Bridge, a major landmark in the city. The Turkish government has launched an investigation into the attacks, which are believed to be the work of a militant group. The attacks have caused significant damage to the resort area and have led to a state of emergency being declared in Istanbul. The city has been hit by several other attacks in recent months, and the Turkish government has vowed to bring the perpetrators to justice.

The attacks have also led to a loss of confidence in the Turkish government.

Hit by disasters, China heeds global warming

By [illegible]

BEIJING (AP) — China is facing a series of natural disasters, including floods, droughts, and earthquakes, which have led to a growing awareness of the need to address global warming.

The Chinese government has announced plans to invest in renewable energy and to take other measures to reduce greenhouse gas emissions.

The government has also urged citizens to conserve energy and to take other steps to reduce their carbon footprint.

The Chinese government has said it will continue to work to address the challenges posed by global warming.

The government has said it will continue to work to protect the environment and to ensure a sustainable future for China.

2 RP chessers share KL top prize

Two players, 20-year-old **...** and 21-year-old **...**, shared the top prize of RM10,000 in the 2010 RP Chess Championship. The tournament, which ran from May 1 to May 10, was held at the Kuala Lumpur Convention Centre. The players, **...** and **...**, were both from the Kuala Lumpur Chess Club. They played a rapid chess match, which was decided by a sudden death game. The match was a closely fought affair, with both players showing excellent chess skills. The tournament was organized by the Royal Palace Chess Association (RPCHA) and was the largest chess tournament in Malaysia to date.

The tournament was a significant event for the chess community in Malaysia. It attracted players from all over the country and provided a platform for them to showcase their skills. The winners of the tournament will represent Malaysia in international chess competitions. The RPCHA is committed to promoting chess in Malaysia and hopes to see more players participating in such tournaments in the future.

T-Mac likes Pinoy passion

Pinoy basketball player **T-Mac** (Tomas Macalino) has expressed his love for the Philippines. He said that he feels a strong connection to his home country and that he is proud to represent it. T-Mac has been playing basketball in the United States and has achieved significant success. He has been a key player for his team and has helped them win several championships. He has also been a role model for young players in the Philippines. He has inspired many young players to take up basketball and to strive for excellence. T-Mac's passion for the Philippines is evident in everything he does. He is always ready to help his fellow players and to support his country. He is a true ambassador for the Philippines and a source of pride for all Filipinos.

Born in the Philippines, T-Mac has a deep understanding of the local basketball scene. He has played in the Philippine Basketball Association (PBA) and has been a member of several national teams. He has also been a coach and a manager. He has a wealth of experience and has been able to share his knowledge with others. He is a true leader and a source of inspiration for many. He is always ready to help others and to support his country. He is a true ambassador for the Philippines and a source of pride for all Filipinos.

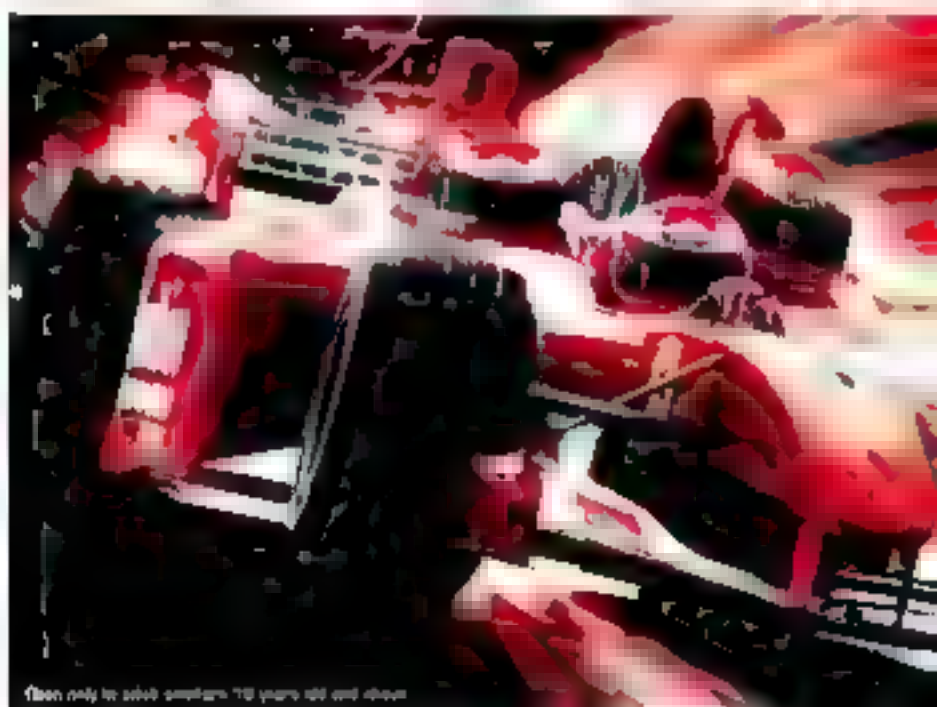

C.A. E.M. five clubbers Oliveira

Five clubbers from the C.A. E.M. (Clube Atlético Esportivo de Maracana) have been named as the best players of the year. They are **...**, **...**, **...**, **...**, and **...**. They were all members of the club's youth teams and have shown exceptional talent. They have been instrumental in the club's success in recent years. They have won several championships and have been a source of pride for the club. They are all hardworking and dedicated players who have given their best for the club. They are a true team and have worked together to achieve great success. They are a source of inspiration for other players and a true credit to the club.

The club's success is a testament to the hard work and dedication of its players. They have shown that with hard work and determination, anything is possible. They are a true team and have worked together to achieve great success. They are a source of inspiration for other players and a true credit to the club.

Lady Eup

The Lady Euphoria (LE) team has won the 2010 LE Cup. They were the top team in the tournament and have won the cup for the first time. They are a true team and have worked together to achieve great success. They are a source of inspiration for other teams and a true credit to the league.

Yesterday: The brother of Pedro Peribak 30

By Steve K. Bell

I have been thinking about the movie "The Monuments Men" for a long time. It's a story about a group of men who were sent to Europe during World War II to protect and recover cultural treasures. The movie is based on the book by Robert M. Young and is directed by John Dahl. It stars George Clooney, Matt Damon, and others. The movie is a great example of how cinema can tell a story that is both educational and entertaining.

'Kuwentong' Cooking

By Susan Lee Pineda
Manila Bay Region

IF YOU ARE OLD, YOU ARE WISE. This is the motto of the 'Kuwentong' (old) people, who are the backbone of the Philippines. They are the ones who have lived through the centuries and have seen the country grow from a small island to a great nation.

They are the ones who have lived through the centuries and have seen the country grow from a small island to a great nation.

The widow of Pedin Pencaban remembers him as though he were a best friend. It is an action-packed novel.
